YOUR TECHNOLOGY PARTNER OF CHOICE IN KUWAIT'S ENERGY & UTILITIES INDUSTRY FOR DELIVERING OUR PROMISES AND PIONEERING NEW OPPORTUNITIES ....

NCB

YOUR CONSULTING PARTNER

www.ncb.cc

National Consulting Bureau Company
ISO 9001:2015 QMS, TRACE International due diligence

Our vision is to be a leader in PMC services in the Energy, Telecom, Ports, Security & ICT Sectors as a main source for Technical Information Services, Vocational Training & eLearning and Smart Technologies in Kuwait.

Project Management Consulting | **Industrial & Management Training** | **Technical Information Services**

NCB is a leading Management Consultancy Company, with emphasis on Industrial Training & Career Development, Technical Information Services related to Engineering Standards, Parts Management, in addition to Data Analytics, Regulatory Data related to Environment, Health & Safety and an ICT System Integration Services Company in Kuwait.

We have provided major PMC Services on a Joint Venture basis for the past 30 years to the Oil & Gas, Petrochemicals and Utilities sectors.

Our quality e-Learning Courses, as well as being a single source of technical information in Kuwait from Standard Developing Organizations like ASTM, API , BSI and S&P Global, are the key characteristic of our service offered.

**NCB is an associate of DAN Holding Group company - www.danholding.com**

NCB EDGE

- A single largest source of Technical Information Services in Kuwait

- Recognized as a leading Industrial training provider in Kuwait & other G.C.C countries.

- Full suite of Training Courses in upstream and downstream activities in the Oil & Gas and Petrochemical disciplines for technical operations at all levels.

- Conducts Job-Oriented Short & Long-term Courses, e-Learning Courses for various industries covering Oil & Gas, Academics, Aviation, Construction, EH&S, Security, IT & Communications, HR, Banking & Finance, Public Works, Labs & Utilities in Kuwait, Egypt and U.A.E.

- ICT related Engineering Services from design, delivery, implementation to System Integration & Training Services for Kuwait's Oil & Gas industry

- **Major clients in G.C.C:**

  KPC, KOC, KNPC, KIPIC, KOTC, KISR, KGOC/JO, ADNOC, QP, BANGAS, QAFCO, OLNG, QATARGAS, GASCO, ADMAOPCO, ADMA, Ministry of Oil, Municipality, Civil Service Commission, Ministry of Electricity & Water, Ministry of Public Works, Chamber of Commerce, Ministry of Communications, Ministry of Education and Private industries.

PROJECT MANAGEMENT CONSULTANCY

- Industrial Consulting Capital Projects
- Joint Ventures (Energy)
- Oilfield Development
- Energy, Telecom, Ports & Security – Project Management & Consulting
- Project Management Consultancy & system-integration Services for ICT / Smart city / AI & Robotics / Rail / AR&VR development.

OUR MAJOR SERVICES

Our Commitment
We invest in technology and resources to bring the better energy services to Kuwait by providing the state-of-the-art technologies & content.

Our Sustainability
We are committed to protecting our people, the environment and the well-being of communities where we operate.

We use technical content and Artificial Intelligence (AI) technologies to provide answers from a vast dataset of technical knowledge to engineers, and technical professionals.

Essential Intelligence for a changing world.

OUR DIFFERENTIATORS

Our international Principals & Associates deliver data, insights, technology and analytics that accelerates progress and growth for our clients. With our unparalleled data and deep insights of global energy market, we enable our local clients to make decisions with conviction and create long-term, sustainable value..

Discover, explore, and evaluate data.

Industry Experience

Our group includes many of the industry's reputed international Principals & Associates for consulting services for Capital Projects

Global Reach

We collaborate across the entire PMC services for Energy, Telecom, Ports ICT & Homeland Security Sectors.

Expertise

To assist our clients in these demanding times, we provide a wide array of technical data insights

OIL & GAS and Petrochemicals Sectors served

- Exploration and Production
- Oilfield Services
- Midstream
- Downstream and Refining

Our Main Services

- Project Management Consulting (PMC)
- Engineering Services
- Joint Ventures
- Business Intelligence and Data Analytics
- Single largest source of Engineering Standards
- Technical information & insight Services
- ASTM Membership, Certification & Accreditation
- Regulatory and Compliance Data
- Knowledge Collections & Digital Library
- Industrial Training & eLearning
- Management Training & eLearning
- Software Engineering services CMM L5
- AR/VR Development Programs

Standards Management

KNOWLEDGE COLLECTIONS

Precision Access to Trusted, Validated, and Authoritative Knowledge Content From our international Principals

Applied Engineering Reference Books and Manuals: 10,000+ engineering and tech- nical titles, including manuals, handbooks, dictionaries and more, covering all engi- neering disciplines from leading publishers:

- McGraw-Hill
- Springer
- Wiley
- ISA
- Oxford University Press
- Taylor & Francis
- Clarion

Access to 57 million+ technical articles, publications, reports, design principles and best practices

S&P Global   **Leading minds**

Next Generation Standards Management

A powerful new solution to easily find and manage standards, codes and specifications and complete projects on time and link to your internal Standards data.

Goldfire is a next generation cognitive search platform built with proprietary artificial intelligence algorithms.

With **Goldfire**, technical professionals can seamlessly find the answers they need, in context, regardless of how or where information is stored - avoid rework, uncover new trends, and ultimately make better decisions quicker.

Goldfire

Discover how our solutions can solve key challenges and opportunities

We utilize advanced artificial intelligence (AI) technologies – including cognitive search, machine learning, and natural language processing – to unlock answers buried deep inside enterprise systems and the vast universe of technical knowledge.

Precision Access to Trusted, Validated, and Authoritative Knowledge Content.

Applied Engineering Reference Books and Manuals: 10,000+ engineering and technical titles, including manuals, handbooks, dictionaries and more, covering all engineering disciplines from leading publishers:

- **McGraw-Hill**
- **Springer**
- **Wiley**
- **ISA**

- **Clarion**

Access to 57 million+ technical articles, publications, reports, design principles and best practices

Power to the People.
YOUR ENERGY PROVIDER

Engineering Content & Analytics

ASTM INTERNATIONAL
Helping our world work better

Expert Content and Dynamic Tools to help save you time and resources.

Providing you 24/7 online access to the content developed by ASTM's worldwide network of experts, ASTM Compass® helps you ensure safety, improve quality, and gain a competitive advantage - add your content, partner content, and more.

You'll search and refine searches using your native language and quickly find the standards you need to use in your industry. Instantly access any of ASTM's 12,000+ standards, as well as AASHTO, AATCC, API, and UOP standards whenever and wherever you need them.

Combining 12,000+ standards with 1,500+ books and 47,000+ articles and papers, Compass provides the most comprehensive libraries of technical information available in the world.

With tools to add notes, attachments, and even your own standards, you'll be able to work smarter and faster.

Global Technical Expertise
30,000 members collaborate in-person and online to create and update high-quality, market-relevant standards.

FUELING THE FUTURE OF OIL & GAS

Innovative IoT solutions to ensure sustainable energy for a rapidly growing population.

IoT Solutions & Smart technologies

Our International Principals are global leaders in the field of utilizing Robotics and AI in Refineries to solve operation and inspection challenges.

Our AI & ROBOTICS, IOT technologies & solutions for Kuwait's Oil & Gas, Petrochemicals cover-

- Production Process Improvement and Optimization
- Integrated Engineering, Operations & Services using Digital Twin
- Advanced Process Control, real time optimization
- Asset Performance Management, Predictive Maintenance using AI Smart operator tools / remote maintenance
- Process Mining for process redesign
- Data Analytics for risk management and productivity improvement Blockchain based smart contracts
- Robotic Process Automation in order processing and invoicing

Augmenting Human Imagination

Our Software Developers & Solution Architects harnesses the power to disrupt the way people live, learn, and interact using Augmented Reality (AR) and Virtual Reality (VR) technologies by creating engaging & immersive experiences.

BUSINESS CONTINUITY

Our Business Continuity Management services, Risk / Crisis Management, ICT Disaster Recovery Services

- BUSINESS CONTINUITY - Aligned with ISO 22301 / BCI GPG

- CRISIS MANAGEMENT - Aligned with BS 11200 / NIST

- ICT DISASTER RECOVERY – Aligned with ISO 27031 / NIST

ONLINE TRAINING & eLEARNING

Our e-Learning in Kuwait's Oil & Gas, Petrochemicals, Academics & Utilities Government sectors is focused as part of integrated strategy on blended learning & skills modules combination covering industry knowledge, expertise, content and technology to develop Kuwait's local workforce competency with added benefit of:

• Reduce time to competency
• Ease of online access (work, home, PC, Mobile devices or any Tablets)
• Certification with online Tests at Training-end
• Our online content meets successfully with LMS (Seertech iLearning Plus)
• ASTM online training, Certification & Accreditation
• Cyber Security Awareness, Threat and Risk Assessment: Operational Technology (OT)
• Maritime / Offshore Security

INFORMATION TECHNOLOGY SOLUTIONS

Our Competencies Experiences:
- Software Engineering solutions
- Portal Solutions
- Content Management Solutions
- Data Migration over diverse systems

Content Management Solutions:
CMS-2002
MOSS-2007's WCM
Mobile Applications

ETL & Data Migration:
DTS Packages & SSIS
Custom applications.

Mobile Application Development

Our Application Development:
- Oracle applications
- MS .NET from its inceptions
- IBM
- SAS
- Mobile Applications
- Helpdesk
- IT Manpower outsourcing

OUR CONSULTING FOR HOMELAND SECURITY & DEFENSE SECTORS – AIR, LAND & SEA

- Risk Assessment & Consulting for Critical infra. Protection

- Cyber Security Awareness, Threat and Risk Assessment : Operational Technology (OT)

- Maritime / Offshore Security

- Cyber Terrorism, Cyber Warfare, Cyber Crime

- Security Network Design Review, ISO 27001

- Cybersecurity Standards Management – ISA/IEC/ISO/IEEE/TIA/SAE/DOD

- Security & Defense online Databases – **Haystack Gold** - Leading defense parts and logistics management system.

- Military & DoD Standards Services
