

Petroleum Engineering, Production & Terminal Operation

Sr.	Course Title	Date	Location
1	Production Quality & Process Troubleshooting	03-07/09/2023	Dubai
2	Process Control, Troubleshooting & Problem Solving	17-21/09/2023	Dubai
3	Acidizing Applications in Sandstones and Carbonates	08-12/10/2023	Turkey
4	Well Productivity and Enhancement	22-26/10/2023	Kuwait
5	Casing, Cementing Design and Operation	05-09/11/2023	Cairo
6	Well Integrity – Life of the Well	19-23/11/2023	Malaysia
7	Drilling Practices and Problems	03-7/12/2023	Sharm El Sheikh
8	Stimulation Technology	17-21/12/2023	Turkey
9	Best Practice for Effective Operations Production & Plant Management	07-11/01/2024	Kuwait
10	Gas Condensate And Fuel Networks	21-25/01/2024	Turkey
11	Process Plant Start-up and Shutdown	11-15/02/2024	Sharm El Sheikh
12	Hydro treating & Hydrocracker Technology	14-18/04/2024	Malaysia
13	Well logging	05-09/05/2024	Cairo
14	Geomechanics for Drilling Engineers	19-23/05/2024	Turkey
15	Flare, Blow down & Pressure Relief Systems	23-27/06/2024	Cairo
16	Smart Plant P and ID Setup and Customization	14-18/07/2024	Sharm El Sheikh
17	Atmospheric Residue De-Sulfurization Technology	04-08/08/2024	Dubai
18	Operations and Well site Geology	11-15/08/2024	Kuwait
