

## **Electrical, Telecommunication & Control Courses**

	<b>Course Title</b>	<b>Date</b>	<b>Location</b>
1	Electrical Foundation Course	10-14/09/2023	Dubai
2	Fundamental of Electricity	08-12/10/2023	Malaysia
3	Hazardous Areas Awareness	22-26/10/2023	London
4	Measuring and Marking Out	05-09/11/2023	Turkey
5	Electrical Drawings & Symbols	19-23/11/2023	New York
6	Smart Electrical Installations Solar [Solar Design (Cells)] and Wind Energy Basics	03-7/12/2023	Amman
7	Electrical Network Monitoring and Control System	17-21/12/2023	Dubai
8	Protection Relays	07-11/01/2024	London
9	Electrical Circuits	21-25/01/2024	Malaysia
10	Troubleshooting and diagnostic UPS and battery charger systems for technicians	11-15/02/2024	Dubai
11	Hazardous Area Classification	03-07/03/2024	New York
12	Advanced Operation & Maintenance of Circuit Breakers & Switchgears	21-25/04/2024	London
13	Power Systems Protection: Control & Stability	05-09/05/2024	Amman
14	Solar Power System Theory And Maintenance	19-23/05/2024	Malaysia
15	Condition Monitoring of Power System Equipment	02-06/06/2024	Turkey
16	Fiber Optic communication systems	23-27/06/2024	London
17	Fieldbus Technology In Industrial Automation	14-18/07/2024	Dubai
18	Flare and Overhead Pressure Protection	28/07-01/08/2024	Malaysia
19	Flow Measurement Techniques	11-15/08/2024	Turkey
20	Electrical Demand Side Management (DSM)	25-29/08/2024	Amman
